A Real Novelty.

This will be something entirely SA different. Visitors at the Fair today will see the first High School Milltary company organized in Oregon. Likewise they will see the first body of High School Girls in uniform. Both manifest the patriotic spirit of the school they represent.

There will be more than 1000 boys and girls in the parade and the event will be one to be remembered. That the parents will be there is a certain- but who it was the excited crowd in .
